

SinterCast is the world leading supplier of on-line process control technology and know-how for the reliable high-volume production of Compacted Graphite Iron (CGI). A publicly listed company on the Nasdaq Stockholm stock exchange, SinterCast provides novel, value-added solutions to the global metals and automotive industries.

Web and Graphics Designer

Working directly with Executive Management, the Web and Graphics Designer will support and enhance our communication with our shareholders and our customers in Europe, Asia and the Americas. Your responsibilities will include:

- Maintaining and evolving the company website; developing and maintaining the intranet and managing the brand image
- Act as guardian of our brand identity across all operations
- Designing and developing annual reports, quarterly reports, promotional material and exhibition material in InDesign
- Design and maintain technical manuals, instruction books and price lists
- Assist in preparation of shareholder events, exhibitions and trade fairs

Reporting to the Finance Director, the successful applicant has experience in a similar web- and graphic designer role within a commercial environment. Excellent computer software and web/intranet skills and excellent knowledge of English and Swedish would be a distinct advantage to your application. Based at our Technical Centre in Katrineholm, Sweden this position offers exciting opportunities for a detailed, self-motivated, service-minded, flexible and driven individual.

For further information contact Daphner Uhmeier, Finance Director, telephone +46 150 79440.

Send your written application marked "Web and Graphic Designer" before 8 January 2018 by e-mail to: info@sintercast.com.
